

MOOSE TEAM

The Canadian Moose have been travelling down-under since the late 1980's. The primary purpose is to promote Canada's favorite sport in Australia, through games, clinics and cultural exchange. The Moose team will be comprised of a combination of recreational and competitive players. The focus is on playing as a team and having fun, not winning all the games.

MOOSE OLD TIMERS TEAM

The inaugural Old Timers tour to Australia is an opportunity to join us as we expand our reach into the Over 45's game. Ashley has played Old Timers hockey in both Sydney and Brisbane and is aware that there is a small but robust group of older players who are looking for the opportunity to play travelling teams. The social environment will be unmatched.

SKILL LEVEL

The Canadian Moose team has the ability to blend different skill levels into a team. We take Juniors, Ex-OHL, Recreational A & B players and quality

social players. The key is the right attitude, not being a top player. We are promoting hockey, and being ambassadors for Canada's favorite sport.

MARK SADGROVE - Founder of the Canadian Moose

An ambassador for the game of hockey, through his development of the Canadian Moose World Travelling Ice Hockey club. He played his youth hockey in Toronto, Ontario, Canada. He played in the Ontario Provincial Junior "A" Hockey League and then played in San Diego, California, U.S.A. on a full scholarship and then at Acadia University in Nova Scotia, Canada. Mark also played and coached in Sydney, Australia for three years with the New South Wales State team and the Australian Olympic National Team.

Moose Hockey Hall of Fame

In July 1998, the Canadian Moose were officially recognized by the Hockey Hall of Fame for its efforts in developing the game of hockey worldwide. Hockey greats such as Hall of Fame inductee Ron Ellis, NHLPA past president Mike Gartner and commentator Brian McFarlane are among the many active Moose supporters.

Their Success is our Reward!

The Canadian Moose World Travelling Ice Hockey Club was founded in 1989. Over the years, the rosters have included a broad spectrum of occupations and ranges in ice hockey experience from former professional, junior and university players to "weekend" recreational players. On our travels we have introduced the sport to many new enthusiasts in Eu-

rope, Australia and New Zealand. During numerous tours "Down Under", we helped gain public awareness of the sport with a successful World Record attempt at playing the longest hockey game - 13 hours. Since then, the record has been broken.

Beyond competitive hockey, the Moose have experienced the best in hospitality, cultural history and traditions.
